2001	Burt Perinchief		

ACDA ADVOCACY RESOLUTION

Whereas the human spirit is elevated to a broader understanding of itself through study and performance in the aesthetic arts; and

Whereas serious cutbacks in funding and support have steadily eroded state institutions and their programs throughout our country;

Be it resolved that all citizens of the United States actively voice their affirmation and collective support for necessary funding at the local, state, and national levels of education and government to ensure the survival of arts programs for this and future generations.
